

ATEX Battery Pack

Intrinsically Safe Battery Pack

The ATEX battery pack is a market leading power solution for hazardous environments.

Designed to operate safely in intrinsically safe applications, the ATEX battery pack allows for accelerated dial-in for remote logging applications.

Fully waterproof, the ATEX battery pack can be easily installed in the harshest environments.

Key Features and Benefits

- **Intrinsically safe:** certified for use in Zone 0 hazardous areas (visit HWM website for certification details)
- **Accelerated dial-in:** the ATEX battery pack supports accelerated dial-in for HWM products, allowing them to be deployed in critical applications
- **Long-life:** allows for 30 minute logging for up to 5 years when used with an Intelligens data logger
- **Dimensions:** 280mm x 115mm x 50mm
