Title – HWMCAR Auto export setting

(Issue 1)

Question – How can you configure HWMCAR to export data automatically every 24 hours?

HWMCAR Settings	<u>ן</u>	
General Settings Account Settings		
Account 2:: PRUEBA1		
Account Password PRUEBA1 Import Directory C:\Users\LGUAJARDO\Desktop\HWMONLINE\HWMC Create New Entries	1.	Ensure export format and export directory are specified
Backup Directory Data Export Export Format CSV All Channels Journal Journal	2.	Remove tick from 'immediate' box
Export Directory C:\Socket\HWMOnline\nwmcar\export Next Export at Now Interval (HH:MIQ: 00:01	3.	Insert the next export time you want in HH:MM
Export Days (-1=incremental): Full days only Append File name spec: Export All Export Options:	4.	Insert the interval between exports (24:00 for every 24 hours 12:00 for every 12 hours)
OK Cancel	5.	Select 'OK'

Note - if you 'hover' your mouse over each box it will give you help
