

**Ref: FAQ0417****Version: 1.0****Title – IDT copy config to many loggers****Made By: AB 23/10/17****(Issue 1)**

## How to use IDT to set up many loggers with the same configuration

The procedure is as follows –

- 1st logger – connect to IDT and ‘Read’ device – configure the device and upload to logger 1 (‘Set Up’ device)
- Disconnect logger 1 and connect logger 2
- Select ‘Copy device’ – this will copy the logger 1 configuration to logger 2 without affecting the Serial number of SIM number of logger 2
- Disconnect logger 2 and connect logger 3
- Select ‘Copy device’ and repeat.
