Title – Patroller II & Google Maps

Made By: KE_020514 (Issue 1)

Question – How do I link Patroller II PC software to Google Maps?

- 1. Open the PC Patroller s/w and select Setup -> Options
- 2. Enter the password palmereng

3. Check the "Enable Google Maps Interface box"

4. If you need to add GPS co-ordinates to an existing logger in your database, select 'Deploy' from the main Patroller II s/w screen and then select the logger you wish to edit.

📸 Edit Logger		_ • •
Serial Number :	0204-2009	
Deployed :	02-May-14, 12:13:51	
Logger Type :	Permalog+	
Location :		
Address <u>1</u> :		
Address <u>2</u> :		
GPS Latitude :	51.6335754394531	 GPS Status : Disabled by user
GPS Longitude :	-3.0166380405426	
Additional Info :		*
		~
		OK X Cancel

- 5. You can then add the GPS coordinates (Can be found from Google Maps if required)
- 6. If you then go to the "Display Data" screen and select your logger, you can "Show Map"
