

Ref: FAQ0148	Version: 1.0
Title – Adding text to the View graph	
Made By: AB 15/09/15	(Issue 2)

How could the logger Serial number be shown on the Radwin View Graph

If Logger I/D is set as the serial number it will appear on the graph in these positions -

Text can be added to the graph by selecting Graph options, Enter Text – Logger Serial # could be added as shown – it can be positioned anywhere on the graph
