Title –Radwin data export formats

Made By: AB 18/09/15

(Issue 2)

## Standard Radwin Data Export formats available in the software

The following are the proprietary data export formats available in the software -

| <u>Format</u>                   | <u>Type</u>           |
|---------------------------------|-----------------------|
| ASCII Data (DOS Filename)       | .PRN                  |
| ASCII Data                      | .TXT                  |
| Summary Data                    | .PRN                  |
| Summary Data > = 0              | .PRN                  |
| Binary Data                     | .BIN                  |
| Pressure report data            | non specific          |
| Wesnet Data                     | .PRN                  |
| Stark Data                      | .PRN                  |
| Pressure report data < = - 0.1  | .PRN                  |
| SLI Data                        | .SLI                  |
| SLI 2 Data                      | .SLI                  |
| SLI 3 Data                      | .SLI                  |
| SLI 4 BBL Data                  | .SLI                  |
| WACKS Data                      | .PRN                  |
| Daily minimum                   | .PRN                  |
| DMA Summary Data                | .SMD                  |
| WIMS Data                       | .CSV                  |
| Monthly Summary Data            | .CSV                  |
| Pressure Volume Velocity Data   | .TXT                  |
| Thames Data                     | Thames water specific |
| ASCII All Channels              | .CSV                  |
| XLS All Channels                | .XLS                  |
| Pressure Volume Velocity Data 2 | .TXT                  |
| ASCII All Channels 2 Data       | .CSV                  |
| EYDAP Data                      | .CSV                  |
| Daily Summary report            | non specific          |
| Daily minimum 2                 | non specific          |
| SLI5 Data                       | .SLI                  |
| BG Data                         | BG specific           |
| ASCII All Channels 3 Data       | .CSV                  |
| VWC Data                        | Veolia Water specific |
