How to see both Manual and Autocall downloaded data on the same graph in Radwin View.
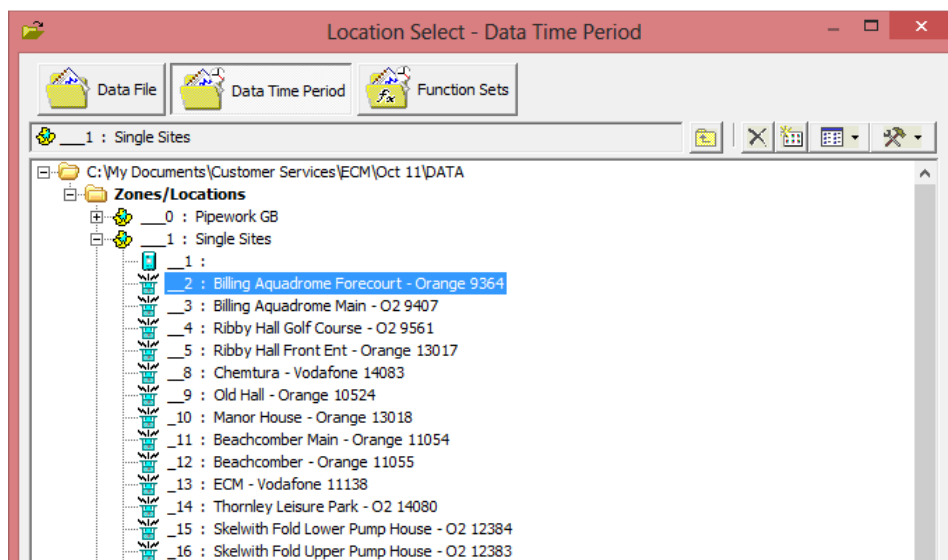

Open your Radwin logger Database as follows – however instead of selecting 'Data File' instead select 'Data Time period' -
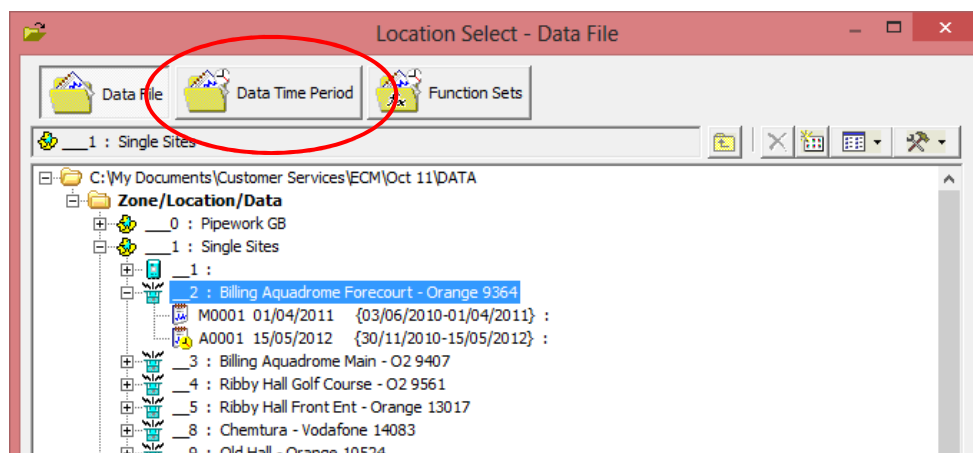

You should now see the below screen –

Highlight the logger and double click on the logger to reveal the next screen –

1

There are a number of options available which will allow you to see the combined graph.

Document History:

Edition	Date of Issue	Modification	Notes
1st	03/01/13	Release	
2nd	17/09/15	Format update
