Title-Smartpatrol-import data to Radwin

Made By: AB 23/09/15 (Issue 2)

Radwin Database – how to import Smartpatrol data or other SLi files into the Radwin Database for viewing

NOTE: Rapid Meter Field in Smartpatrol must have a 7 digit alpha numeric characters entered into the database. If there is more than 7 digits Smartpatrol will use the 7 right hand characters only. If there are less than 7 digits then the 0 will be added to the left to ensure 7 characters

Open Radcom Setup - Start > All Programs > Radlog for Windows > Radcom Setup > Options -
