

# External Pressure Sensor - Safety Guide

**Warning:** This manual contains important safety and operating information.  
Please read, understand and follow the instructions / warnings contained in this manual.

## Label drawings and Entity Parameters

### External Pressure Sensor

PRODUCT NAME PN: XXXXXXXXXXXXXXXX		XXXXXXXXXX		HWM-WATER LTD. NP44 3AW, UK www.hwmglobal.com
	II 1 G Ex ia IIC T4	XXXXXXXXXXXX		
	XXXXXXXXXXXX	XXXXXXXXXXXX		
	-20°C ≤ TAMB ≤ +60°C			
	USE ONLY ON XXXXXXXXXXXXXXXX			
	SERIAL NUMBER XXXXXX	*** Barcode***		
WARNING – POTENTIAL ELECTROSTATIC DISCHARGING HAZARD, DO NOT RUB WITH DRY CLOTH				

	Output Parameters	Input Parameters
External Pressure Sensor	Uo = 5.88 V Io = 0.68 A Po = 1.1 W Co = 42 uF Lo = 32 uH	Ci = 40 pF Li = 38 uH

### Part Number make-up – EXTPRESS/xx/IS

EXTPRESS	/xx	/IS
HWM Family name	Pressure Sensor Configuration	Safety Designation

See appendix 4 in the Intelligens / COMLogIS Basic User Guide Part 1/2 (MAN-142-0001) for details of the pressure sensor options available

#### Warning:

For the External Pressure Sensor, the connected intrinsically safe equipment must be certified with Entity Parameters. Any intrinsically safe equipment intended for connection to the External Pressure Sensor must have compatible Entity Parameters and be connected and installed as per the manufacturer's instructions.

The External Pressure Sensor must only be used with the Intelligens / COMLog™IS data logger,  
HWM Part number H95/xxxxxxx/xxxxxx/IS
