Installation Prerequisites

Complete File Set (CD-ROM Distribution)

The complete installation file set (CD-ROM Distribution) contains the following files and folder:

- AdbeRdr812_en_US.exe
- Installation Guide - MCP-ACD File Transfer Utility R1.13.pdf
- MCP-ACD File Transfer Utility R1.13.msi
- README - Adobe Reader.txt
- README - IMPORTANT - Install Procedure.txt
- setup.exe
- User Guide - MCP-ACD File Transfer Utility R1.13.pdf
- vcredist_x86

Reduced File Set (Internet Distribution)

A subset of these files is used for internet distribution and contains the minimal required files for installation including the Installation User Guide.

- Installation Guide - MCP-ACD File Transfer Utility R1.13.pdf
- MCP-ACD File Transfer Utility R1.13.msi
- README - Adobe Reader.txt
- README - IMPORTANT - Install Procedure.txt
- setup.exe
- vcredist_x86

Please ensure these files are present (and all are in the same folder) before attempting to install the MCP-ACD File Transfer Utility.

Performing Installation

Remove any Previous Installations

Important Information

Before performing installation please ensure that any previous installations of the “MCD2 Updater” or “MCP-ACD File Transfer Utility” are uninstalled before installing this version (R1.13). This can be done through the “Windows Control Panel” using “Add/Remove Programs”.

Possible items to remove in the “Add/Remove Programs” list are:

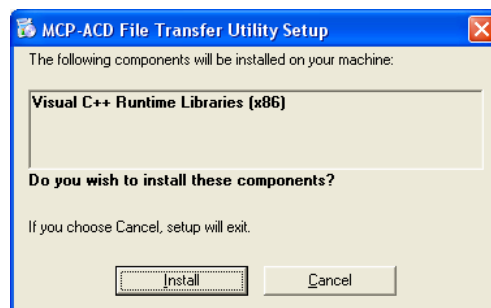

- **MCP-ACD File Transfer Utility**
- **MCD2 Updater**

Install Procedure

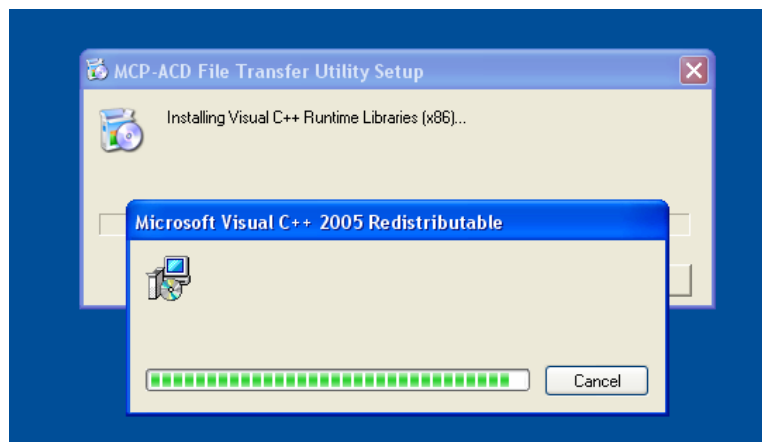

Ensure the following 2 files and 1 folder are in the same installation source folder.

- MCP-ACD File Transfer Utility R1.13.msi
- setup.exe
- (Folder) vcredist_x86

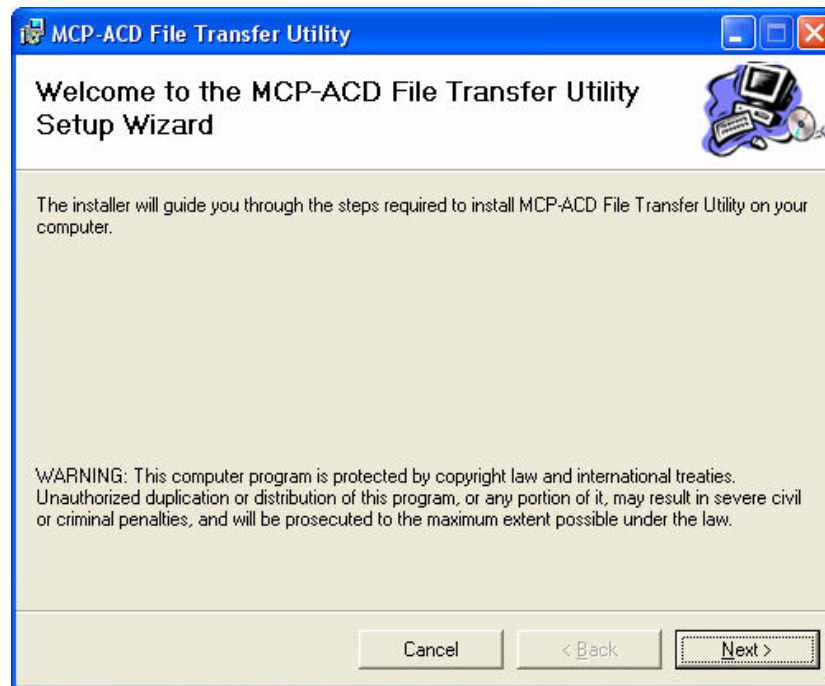

To start installation run the file “setup.exe” and you will see the following popup window.

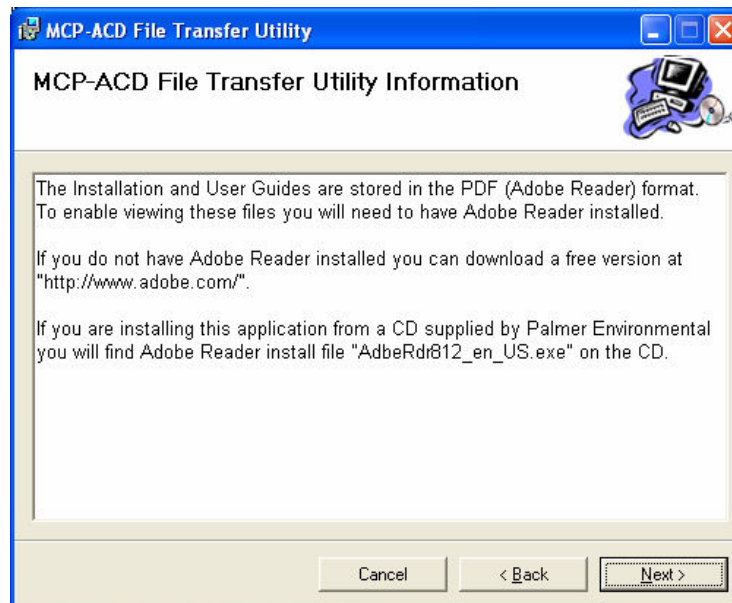

Click “Install” and progress will be shown as in the figure below..

There is no status shown to indicate that the “Microsoft Visual C++ 2005 Redistributable” has completed successfully, but the install process will move on to the next step as shown below.

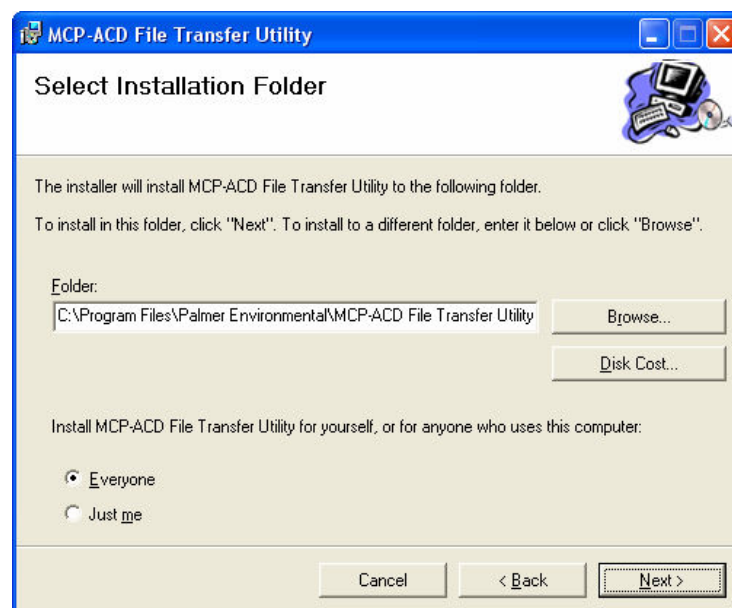

Click “Next”.

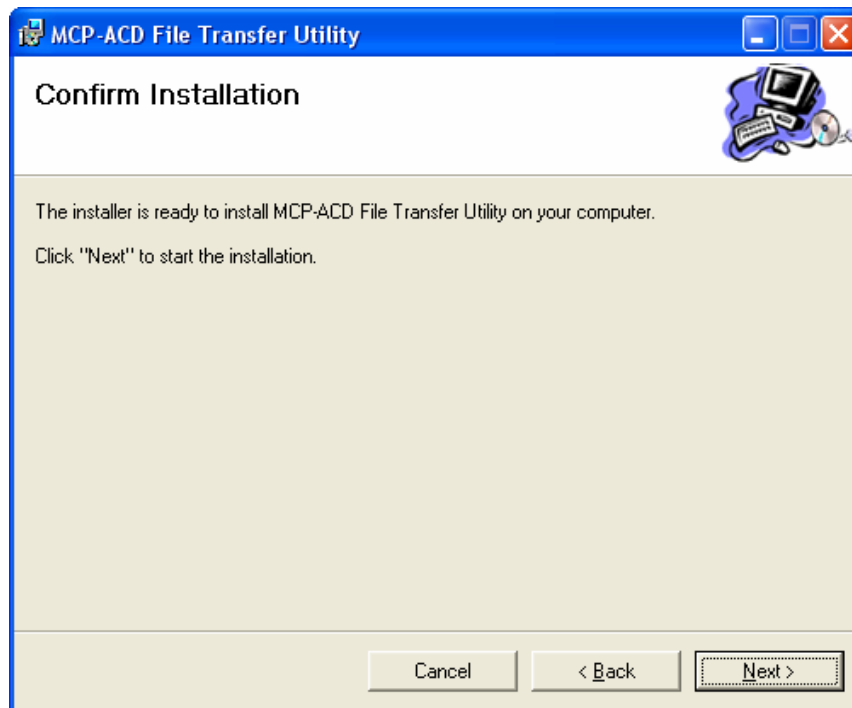

The user guide and installation guide are stored in the PDF (Adobe Reader) format and therefore it is recommended that Adobe Reader is installed to enable viewing of these files. This install step notifies the user of this recommendation as shown above.

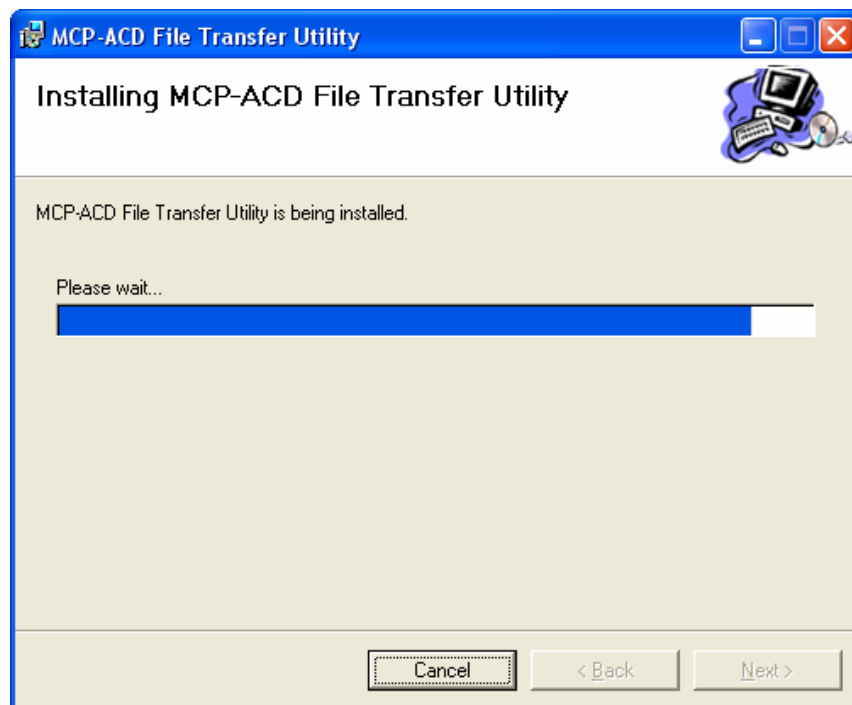

Click "Next".

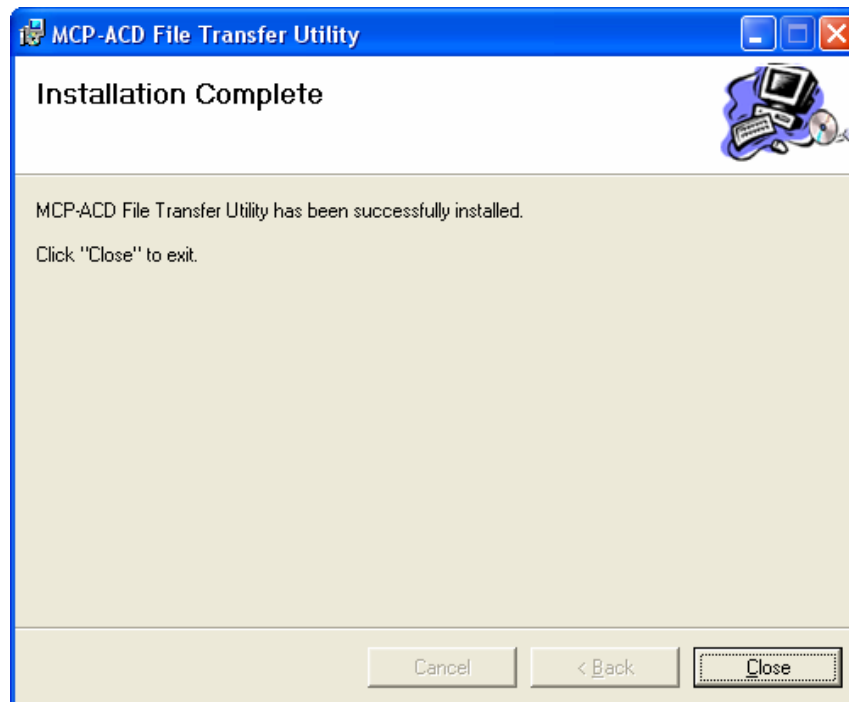

It is not necessary to make any changes to this screen so click "Next".

Click “Next” to confirm installation and install progress will be shown as below.

The following screen indicates completion of the install process.

Click “Close” to close the installer and finish installation.

The MCP-ACD File Transfer Utility will now be ready to run from either of the shortcuts on the Desktop or Start Menu.
